NOTIFICATION—An Examination will be held early in April 1853, in the College of Fort William, for the purpose of filling up existing vacancies in the Military Class of the Medical College. All Candidates will be expected to possess a knowledge of the Hindustani Language, adequate to enable them to read and write it in the Persian or Devanagari character.

2nd.—All Interpreters of Regiments and Battalions, will be requested, through the Military Department, not to grant certificates of qualification to any Candidate under the age of fifteen and above that of twenty years : and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense and inconvenience have already been experienced by lads from distant stations being furnished with certificates, who were found, on examination, quite unqualified for admission ; and it is with a view to prevent the recurrence of this, that the above measure has been adopted.

3rd.—Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of Examination, in order that a proper descriptive roll may be prepared for transmission to the Examiners of the College of Fort William.

4th.—The preference in selection, attainments being equal, will be given to those who have already been attached to, or served in Civil or Regimental Hospitals.

5th.—No Candidate will be allowed to present himself for examination, who cannot produce a written testimonial of his conduct and character, or afford satisfactory evidence as to who and what he is. A few individuals of decidedly bad character have, upon recent occasions, managed to obtain admittance, it is supposed by producing false papers, and the strictest care and scrutiny will therefore be exercised in examining the credentials of all future Candidates, who will, as stated above, require to be furnished with regular descriptive rolls, in order that they may be identified.

6th.—All pupils must, as a condition of their appointment, reside within the College premises at all times, and never be absent from morning and evening muster, without special leave.

7th.—All Students in the Military Class are amenable to the Articles of War, and regularly enlisted as Soldiers.

8th.—No Candidate will be admitted to the School, who is physically unfit for the duties of a Soldier.

The following Act, passed by the Governor General of India in Council on the 4th February 1853, is hereby promulgated for general information:

ACT No. II. OF 1853.

An Act to remove doubts as to the liability of all subjects of Her Majesty to the same jurisdictions as Natives in respect of public and Police duties and public charges incident to the holders of land or their local Agents or Managers.

WHEREAS by virtue of Act No. IV. 1837, it is lawful for any subject of Her Majesty to acquire and hold in perpetuity, or for any term of years, property in land, or in any emoluments issuing out of land, in any part of the Territories under the Government of the East India Company; and whereas doubts have arisen whether all subjects of Her Majesty acquiring or holding property in land, or in any emoluments issuing out of land, or acting as local Agents or Managers of such property, are subject to the same jurisdictions as Natives for enforcing the discharge of public and Police duties incident to the holding of such property, or for the enforcement of public charges and assessments upon or in respect thereof; and whereas it is just and reasonable that all persons who may think fit to hold such property, or to be the local Agents or Managers thereof, should be liable to the public burdens and duties incident thereto, and in case of neglect or refusal to discharge the same, should be subject to the same jurisdictions as Natives: It is therefore declared and enacted as follows:

I. No person whatever, being the owner, holder, or farmer of any property in land, or in any emoluments issuing out of land, in any part of the said Territories, whether in perpetuity or for a term, or being a local Agent or Manager of any such property, is by reason of his place of birth, or by reason of his descent, exempt from any public charge or assessment, or from any duty connected with the Police, or with the Salt or Opium revenue, or from any duty whatsoever of a public nature, to which he would otherwise be subject, as the owner or holder of such property, or as a local Agent or Manager thereof.

II. For the non-payment of any such public charge or assessment, or for the breach of any such duty as aforesaid, or for any neglect or misconduct in the discharge thereof, every person, whatever may have been his place of birth, or his descent, shall be subject to the same laws, regulations, and procedure, and to the same jurisdictions as if he were a Native of the said Territories.

E. E. G. ADAMS, *Honorary Secretary*

Resolved, that the admission of Mrs. Plowden and five children, and Mrs. Torrens and four children, to the benefits of the Fund by the Managers, be confirmed.

Proposed by Mr. Colvin and seconded by Mr. Mackintosh, that Mr. Torrens's son, born on the 10th April 1852, be admitted on payment of a fine of Rupees 50 and arrears of subscription with interest.

The Chairman in putting this to the Meeting, suggested whether under Article XVIII. the question should not be referred to the Subscribers at large; and whether it could be taken up at this Meeting, no notice under that Rule having been given previously.

It was therefore resolved, that the Managers be instructed to bring this case forward formally under Rule XVIII. after due notice.

The cases of the subscribers who had incurred the penalty of Article VI. were then taken up *seriatim*, considered with their several representations, and decided upon as follows:

Resolved, that Mr. Watson's appeal, the object of which is the reversal of a resolution of a previous General Meeting, cannot be entertained by this Meeting under Article XIX.

Resolved, that Mr. Edwards' son be admitted on payment of the minimum fine and arrears of subscription with interest, as required by the last clause of Rule VI.

Resolved, that Mr. Cocks' daughter be admitted on payment of the minimum fine and arrears of subscription with interest, as required by the last clause of Rule VI.

Resolved, that Mr. Rukes's wife be admitted on payment of the minimum fine and arrears of subscription with interest, as required by the last clause of Rule VI.

Resolved, that Mr. Malet's wife be admitted on payment of the minimum fine and arrears of subscription with interest, as required by the last clause of Rule VI.

Resolved, that it is necessary that Mr. Shaw should pay the fine incurred under the second clause of Rule VI.

Resolved, that the Accounts submitted be passed.

A memorandum by Mr. Beadon, on the state of the Fund, was ordered to be printed and circulated to Subscribers, with the report of this Meeting.

Resolved, that the following Managers be elected for the ensuing year, *viz.*, Messrs. E. Currie, B. J. Colvin, E. A. Samuels, C. Beadon, and W. Grey.

Thanks were voted to the Chairman, and the Meeting separated.

WELBY JACKSON,
Chairman.

The following Act, passed by the Governor General of India in Council on the 4th February 1853, is hereby promulgated for general information:

ACT No. II. OF 1853.

An Act to remove doubts as to the liability of all subjects of Her Majesty to the same jurisdictions as Natives in respect of public and Police duties and public charges incident to the holders of land or their local Agents or Managers.

WHEREAS by virtue of Act No. IV. 1837, it is lawful for any subject of Her Majesty to acquire and hold in perpetuity, or for any term of years, property in land, or in any emoluments issuing out of land, in any part of the Territories under the Government of the East India Company; and whereas doubts have arisen whether all subjects of Her Majesty acquiring or holding property in land, or in any emoluments issuing out of land, or acting as local Agents or Managers of such property, are subject to the same jurisdictions as Natives for enforcing the discharge of public and Police duties incident to the holding of such property, or for the enforcement of public charges and assessments upon or in respect thereof; and whereas it is just and reasonable that all persons who may think fit to hold such property, or to be the local Agents or Managers thereof, should be liable to the public burdens and duties incident thereto, and in case of neglect or refusal to discharge the same, should be subject to the same jurisdictions as Natives; It is therefore declared and enacted as follows:

I. No person whatever, being the owner, holder, or farmer of any property in land, or in any emoluments issuing out of land, in any part of the said Territories, whether in perpetuity or for a term, or being a local Agent or Manager of any such property, is by reason of his place of birth, or by reason of his descent, exempt from any public charge or assessment, or from any duty connected with the Police, or with the Salt or Opium revenue, or from any duty whatsoever of a public nature, to which he would otherwise be subject, as the owner or holder of such property, or as a local Agent or Manager thereof.

II. For the non-payment of any such public charge or assessment, or for the breach of any such duty as aforesaid, or for any neglect or misconduct in the discharge thereof, every person, whatever may have been his place of birth, or his descent, shall be subject to the same laws, regulations, and procedure, and to the same jurisdictions as if he were a Native of the said Territories.

NOTIFICATION.—An Examination will be held early in April 1853, in the College of Fort William, for the purpose of filling up existing vacancies in the Military Class of the Medical College. All Candidates will be expected to possess a knowledge of the Hindustani Language, adequate to enable them to read and write it in the Persian or Devanagri character.

2nd.—All Interpreters of Regiments and Battalions, will be requested, through the Military Department, not to grant certificates of qualification to any Candidate under the age of fifteen and above that of twenty years: and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expence and inconvenience have already been experienced by lads from distant stations being furnished with certificates, who were found, on examination, quite unqualified for admission; and it is with a view to prevent the recurrence of this, that the above measure has been adopted.

3rd.—Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of Examination, in order that a proper descriptive roll may be prepared for transmission to the Examiners of the College of Fort William.

4th.—The preference in selection, attainments being equal, will be given to those who have already been attached to, or served in Civil or Regimental Hospitals.

5th.—No Candidate will be allowed to present himself for examination, who cannot produce a written testimonial of his conduct and character, or afford satisfactory evidence as to who and what he is. A few individuals of decidedly bad character have, upon recent occasions, managed to obtain admittance, it is supposed by producing false papers, and the strictest care and scrutiny will therefore be exercised in examining the credentials of all future Candidates, who will, as stated above, require to be furnished with regular descriptive rolls, in order that they may be identified.

6th.—All pupils must, as a condition of their appointment, reside within the College premises at all times, and never be absent from morning and evening muster, without special leave.

7th.—All Students in the Military Class are amenable to the Articles of War, and regularly enlisted as Soldiers.

8th.—No Candidate will be admitted to the School, who is physically unfit for the duties of a Soldier.

The 4th February 1853.

The following Act, passed by the Governor General of India in Council on the 4th February 1853, is hereby promulgated for general information:

Act No. I. of 1853.

An Act for providing in the Presidencies of Fort St. George and Bombay for the punishment of Males of tender age for Petty Thefts.

WHEREAS it is expedient, until adequate improvements in Prison Discipline can be effected at the Presidencies of Fort St. George and Bombay, to substitute corporal punishment for imprisonment, in case of offences committed by males of tender age, who should be punished rather in the way of school discipline than of ordinary criminal justice, It is enacted as follows:

I. Every Magistrate, Joint Magistrate or First Assistant Magistrate in either of the Presidencies of Fort St. George or Bombay; and every Deputy or Assistant Magistrate in either of the said Presidencies, to whom the Governor in Council of the Presidency in which he is such Deputy or Assistant Magistrate may grant authority, shall, on conviction of theft of property not exceeding in value rupees fifty, if the person convicted be a male, and shall appear to him, by inspection or other evidence, to be of such tender years as to require punishment rather in the way of school discipline than of ordinary criminal justice, sentence such person to corporal punishment with a light cane, not exceeding ten stripes, to be inflicted on the bare palm of the hand, or through a light garment on the back.

Fort William, Home Department, Legislative.

The 4th February, 1853.

The following Act, passed by the Governor General of India in Council on the 4th February 1853, is hereby promulgated for general information:

Act No. II. of 1853.

An Act to remove doubts as to the liability of all subjects of Her Majesty to the same jurisdictions as Natives in respect of public and Police duties and public charges incident to the holders of land or their local Agents or Managers.

WHEREAS by virtue of Act No. IV. 1837, it is lawful for any subject of Her Majesty to acquire and hold in perpetuity, or for any term of years, property in land, or in any emoluments issuing out of land, in any part of the Territories under the Government of the East India Company; and whereas doubts have arisen whether all subjects of Her Majesty acquiring or holding property in land, or in any emoluments issuing out of land, or acting as local Agents or Managers of such property, are subject to the same jurisdictions as Natives for enforcing the discharge of public and Police duties incident to the holding of such property, or for the enforcement of public charges and assessments upon or in respect thereof; and whereas it is just and reasonable that all persons who may think fit to hold such property, or to be the local Agents or Managers thereof, should be liable to the public burthens and duties incident thereto, and in case of neglect or refusal to discharge the same, should be subject to the same jurisdictions as Natives; It is therefore declared and enacted as follows:

I. No person whatever, being the owner, holder, or farmer of any property in land, or in any emoluments issuing out of land, in any part of the said Territories, whether in perpetuity or for a term, or being a local Agent or Manager of any such property, is by reason of his place of birth, or by reason of his descent, exempt from

any public charge or assessment or from any duty connected with the Police, or with the Salt or Opium revenue, or from any duty whatsoever of a public nature, to which he would otherwise be subject, as the owner or holder of such property, or as a local Agent or Manager thereof.

II. For the non-payment of any such public charge or assessment, or for the breach of any such duty as aforesaid, or for any neglect or misconduct in the discharge thereof, every person, whatever may have been his place of birth, or his descent, shall be subject to the same laws, regulations, and procedure, and to the same jurisdiction as if he were a Native of the said Territories.

Port William, Home Department,
The 15th February, 1853.

Notification.—The Most Noble the Governor General of India in Council has the honor of laying before the Officers of the Civil and Military Services of the Hon'ble East India Company, and before the community in the Presidency of Bengal, the following copy of a letter which has been addressed to him by the Earl of Derby, Her Majesty's Prime Minister:

Downing Street, 8th December, 1852.

Mr. Lord,—The universal desire felt by all classes to do honor to the Memory of the Duke of Wellington will probably lead to the erection of Statues and other Monuments in many of the principal towns in the Kingdom, some of which have indeed already taken steps in this direction. But projects of this description, however much they may contribute to the ornament of the respective localities, and however gratifying they may be to the feelings of their inhabitants, can possess little more than local interest, can be joined in by comparatively few of the population, and are not calculated to confer any substantial benefit upon the community. With a view to erect a Monument to the Memory of the Great Duke, to which all may contribute, which shall be worthy of its object and of the Nation, and which shall be of permanent and important advantage to that Service of which he was long the head and the ornament, it is proposed to erect and endow, by Public Subscription, a School or College, to bear the name of the Duke of Wellington, for the gratuitous or nearly gratuitous Education of Orphan Children of Indigent and Meritorious Officers of the Army. Institutions, more or less national, already exist, in which the advantages of such an education can be obtained by the children of Soldiers, of Seamen, of Naval Officers and of the Clergy: but no such provision has been made in favor of Officers of the Army, a class of men peculiarly liable to casualties, by which their families are often left in a condition of the most painful pecuniary embarrassment, and under circumstances in which the necessarily stringent Regulations of the War Office preclude the possibility of any relief from Public Funds.

The execution of the proposed plan, and the scale upon which it can be undertaken, will depend on the degree of support given by the country to the object contemplated. It may be assumed that each capital sum

subscribed of £1,000, representing a permanent Annuity of about £30, will provide for all time to come, exclusive of the expense of building, for the education of one child; and a considerable sum will be required for the erection of a building which shall be worthy of the proposed object. No payment will be required until the total sum subscribed shall amount to £1,00,000, when application is proposed to be made for vesting the Capital in Trustees, to be nominated in the first instance by Her Majesty from among the subscribers, and to be incorporated, as in the case of Harrow, Rugby, the Charter House, and others.

Donations may be made payable by instalments spread over two, three, or four years.

Her Majesty and His Royal Highness the Prince Albert, have been pleased to signify their approval of the project, and to place their names at the head of the Subscription List for the respective sums of £1,000 and £500.

I have the honor to be,

My Lord,

Your obedient Servant,

(Signed) Henry.

The Governor General in Council feels assured, that for such an object all special solicitation would be superfluous.

He feels assured that every man among us will give with alacrity such aid, as he can afford, towards preserving in grateful memory, through future ages, the name of the greatest Soldier that England ever saw, by associating with it an Institution which, through years to come, will provide for thousands of Soldiers' orphans—the rich advantages of a sound education.

All who are so disposed are invited to transmit their subscriptions to the Secretary to the Government of Bengal, the Secretary to the Government North-Western Provinces, or the Secretary to the Chief Commissioner of the Punjab, as may be most convenient to them.

Lists will be published from time to time, and the subscriptions when closed, will be transmitted to England.

General Orders by the Most Noble the Governor General of India in Council.

Fort William, 18th February, 1853.

No. 138 of 1853.—It having been brought to the notice of Government that the privilege enjoyed by native officers and sepoys under Regulation XV. of 1816, of prosecuting suits in the Courts of the King of Oude, through the Resident at Lucknow, is much abused; the Most Noble the Governor General of India in Council is pleased to lay down the following rules for future observance:

I. No leave is to be granted to, or applied for in behalf of, any native officer or sepoy to enable him to proceed to Lucknow, for the purpose of prosecuting a claim, or defending a suit in the King of Oude's Courts, through the Resident at Lucknow, until some of the particulars of the claim, or suit, shall have been elicited, and the Commanding Officer of the Regiment shall have satisfied himself that the man's presence at Lucknow is apparently necessary; it being borne in mind that there are probably very few native officers or sepoys from Oude, serving in the Armies of the three Presidencies, who have not some near relative at home capable of acting as their representative.

II. In the first instance no more leave is to be granted to any applicant than will suffice to enable him to reach Lucknow, to remain there for ten days, and to rejoin his Regiment; but should the Resident at Lucknow certify that the man's continued presence there is required, additional leave is to be granted to him to such extent as the Resident may judge to be absolutely necessary.

III. Should the Resident report to the Government of India that the presence at Lucknow of any native officer or sepoy, to whom leave shall have been granted at either of the Presidencies, was not essentially necessary, the said native officer or sepoy will forfeit all his pay and allowances during the entire period of his absence from his Regiment.

IV. No second leave is to be granted to the same applicant, on the same grounds, without a previous reference to the Resident at Lucknow.

This promotion will be specially reported to the Honorable the Court of Directors for their approval.

No. 142 of 1853.—The undermentioned Officers are permitted to proceed to Europe, on furlough:

CIVIL SERVICE ANNUITY FUND.

At a Special General Meeting of Subscribers to the Civil Service Annuity Fund, held at the Town Hall, on the 14th February, 1853.

PRESENT.—Messrs. W. P. Palmer, J. A. Dorin, W. B. Jackson, J. I. Harvey, E. Currie, J. Dunbar, A. J. M. Mills, E. Bentall, R. H. Mytton, C. Allen, H. F. James, T. Bruce, W. J. H. Money, J. P. Grant, G. Adams, B. J. Colvin, D. I. Money, R. M. Skinner, D. Robertson, F. Lowth, C. H. Lushington, G. B. Trevor, E. A. Samuels, G. P. Leverster, A. Grote, F. A. Lushington, C. Beadon, A. R. Young, W. Grey, W. S. Seton-karr, J. W. Dalrymple, W. Maples, W. G. Young, G. A. Paxton, R. C. Oldfield, J. M. Lewis, J. A. Crawford, J. J. Grey, Lord H. Ulick Browne, Messrs. W. C. Capper, W. Johnston, T. D. Ouseley, Hon'ble A. Eden, W. C. Plowden, W. Waterfield, A. Jenkins, F. Macnaghten and W. J. Money.

R. H. MYTTON, ESQUIRE, in the Chair.

With reference to the Notification for the consideration of the Despatch of the Hon'ble Court of Directors, dated the 18th August 1852, and the revised new rules, Mr. Harvey requested permission to withdraw his proposition advertized under date the 1st January last. Withdrawn accordingly.

It was then moved by Mr. Colvin and seconded by Mr. Mills—

Resolved, that the modifications in the constitution of the Bengal Civil Service Annuity Fund, proposed in the Hon'ble Court's Despatch of the 18th August 1852, be accepted, and that the conditions specified in para. 22 of the Despatch be complied with as far as possible.

Mr. Harvey moved, and Mr. Jackson seconded the following amendment:—

That this Meeting is not in a position to take into final consideration the Hon'ble Court's Despatch of the 18th August 1852, without a further reference to that high authority for the following reasons:

I. Because the proposals of the Hon'ble Court of Directors contained in that Despatch, were made in the belief that the Fund possessed an Unappropriated Capital of Rs. 60,52,952, whereas on the 30th April 1852, the Unappropriated Capital of the Fund only amounted to Rs. 39,53,776, being Rs. 20,99,176, less than supposed by the Hon'ble Court, and consequently the acceptance of the Hon'ble Court's proposal by the Service cannot be binding on that high authority.

II. Because the Subscribers at large have been misled as to the purport of the Hon'ble Court of Directors' Despatch, by the Managers' Circular, dated 14th January 1853, on the question of refunds. For it is clearly shown in para. 22, that no refunds are permitted, and by the marginal calculation of para. 18 of the Hon'ble Court's Despatch, it is apparent that the sum, Rs. 4,15,057, excess subscriptions then standing at the credit of Subscribers, as shown in Appendix No. 1 of the Committee's Report, was brought into calculation as lapsing to the Fund; whereas, the Managers, in their Circular of the 14th January 1853, expressly limit the condition required (i. e., the refusal of refunds) to the future, and not to refunds of excess subscriptions above half-value now paid up by many Subscribers and now claimable also by many Annuitants.

III. Because original Subscribers to the Fund, who agreed to join the Fund under guarantee that they would enjoy the advantages promised in the Hon'ble Court's Despatch of the 8th December 1824, cannot, against their own consent, be equitably deprived of those advantages which secure to them a right, on retiring on Annuities, to a refund of any excess subscriptions paid by them over the half-value of their Annuities as laid down in the Tables of the Fund; whereas, if the condition "not to allow refunds" is made applicable to the case of all Subscribers, as recommended by the Managers, and no exception is made in favor of original Subscribers to the Fund, the rights of this class of Subscribers must necessarily be infringed.

IV. Because the recommendation of the Managers that the sum of Rs. 10,86,257 be paid for the advantages which the Hon'ble Court have offered to concede the purchase of, to the Service, beyond the money-value of these advantages, without even an effort to obtain an equivalent for this sum, involves an expenditure of the money of the Fund, which its finances will not bear, and is also unjust to those Annuitants and original Subscribers who now have, and hereafter may hold equitable claims against the Fund, to a refund of the excess subscriptions paid by them over the half value of their Annuities, by depriving the Fund of the means to liquidate such claims; that the recommendation is therefore inconsistent with the Rules and Principles on which the Fund was, and is now, established, and amounts to a breach of these Rules and Principles.

That this Meeting do therefore resolve that the Managers be instructed to make a reference to the Hon'ble Court of Directors through the Supreme Government of India, communicating to that high authority the real amount of the Unappropriated Capital of the Fund, and soliciting the further instructions of the Hon'ble Court, after consideration of the diminished amount of the Unappropriated Capital of the Fund; and further soliciting that the claims of all original Subscribers, who have already retired, or who may hereafter retire on Annuities, to refund of their excess subscriptions above the half value of their Annuities, be exempted from the operation of the condition proposed "not to allow refunds," and that such claims be conceded to such original Subscribers on retirement on Annuities.

There having been only five among the Members "present" voting in favor of the amendment, it was lost under Rule 26, and the votes against it, as well as proxies for and against it, were considered unnecessary to be taken.

The votes on the original motion were then taken, viz.

	Present.	Proxies.	Vote papers.	Total.
For the proposition,	39	235	41 =	335
Against it,	4	29	4 =	37
Carried accordingly.				

Proposed by Mr. W. Grey, and seconded by Mr. Dalrymple—

Resolved, that the revised rules as modified by the Hon'ble Court be adopted.

	Present.	Proxies.	Vote papers.	Total.
For the proposition,	40	255	42 =	337
Against it,	3	29	3 =	35
Carried accordingly.				

A vote of thanks was passed to the Chairman, and the Meeting broke up.

R. H. MYTTON, Chairman.

Fort William, Home Department, Legislative,
The 11th February, 1853.

The following Draft of a proposed Act was read in Council for the first time on the 11th February 1853:

Act No. — of 1853.

An Act to amend the law relating to the office and duties of Administrator General.

Whereas it is expedient to amend the law relating to the office and duties of Administrator General, It is enacted as follows:

I. In each of the Presidencies of Fort William in Bengal, Fort St. George and Bombay, there shall be an Administrator General. The said Administrators General shall be called respectively the Administrator General of Bengal, the Administrator General of Madras, and the Administrator General of Bombay.

II. Such officers shall be appointed and removable as follows:

The Administrator General of Bengal, by the Governor General of India in Council.

The Administrator General of Madras, and the Administrator General of Bombay, by the Governments of those Presidencies respectively.

III. Any person now holding the office of Administrator General at any of the said Presidencies, shall continue to hold the same, subject to the provisions of this Act.

IV. The Administrator General shall not be deemed in that capacity to be an officer of the Supreme Court.

V. All letters of administration which have been granted by the Supreme Court of Judicature at Fort St. George to the Ecclesiastical Registrar of that Court in virtue of his office since the passing of Act No. 11. 1830; and all estates, effects and interests, books, papers and documents, now vested in, or belonging to the said Ecclesiastical Registrar, or under his control, by virtue of any such letters of administration, are by this Act transferred to and vested in him as Administrator General of that Presidency.

VI. The two offices of Ecclesiastical Registrar of the Supreme Court and Administrator General, may be held by the present Administrator General at the Presidency of Fort St. George. With that exception no person now holding the

office of Administrator General, or hereafter to be appointed to such office, in any of the said Presidencies, shall, without the express sanction of the Government, hold the office of Ecclesiastical Registrar, or any other office, together with that of Administrator General.

VII. Every Administrator General hereafter to be appointed shall give security by bond to the East India Company for the due execution of his office, himself for one lakh of Rupees, and two or more sureties jointly and severally for another lakh of Rupees, or for separate sums amounting together to one lakh of Rupees, provided that at least two sureties shall be bound for each of such sums; and every Administrator General appointed, or hereafter to be appointed, shall, from time to time, when required by the Government so to do, cause a fresh surety or sureties to be substituted for any one or more of those previously bound, so far as the security shall relate to the due execution of his office for the time then to come.

VIII. No Administrator General shall be required by the Supreme Court to enter into any administration bond, or to give other security to the Court, on the grant of any letters of administration to him in virtue of his office.

IX. Any letters of administration, or letters of colligenda bond, which shall hereafter be granted by the Supreme Court of Judicature, at any of the said Presidencies, shall be granted to the Administrator General of the Presidency, unless they shall be granted to the next of kin of the deceased; and it is hereby declared that the Administrator General of the Presidency, shall be deemed to have a right to letters of administration in preference to that of any person merely on the ground of his being a creditor or friend of the deceased.

X. The words "next of kin" shall be deemed throughout this Act to include a widower, or widow of the deceased, or a residuary legatee, or any other person, who, by law and according to the practice of the Courts, would be entitled to letters of administration in preference to a creditor of the deceased. Provided that no Ecclesiastical Registrar or other Officer of any of the said Courts, shall, by reason of his office, be deemed entitled to any letters of administration, or ad colligenda bond, or have any grant thereof made to him.

XI. If any person, not being a Mahomedan or Hindoo, shall have died, whether within any of the said Presidencies or not, and whether before or after the passing of this Act, and shall, if a British subject, have left personal assets exceeding the value of five hundred Rupees within any of the said Presidencies, or any of the Provinces or places subject thereto, or shall, if not a British subject, have left personal assets, exceeding five hundred Rupees, within the local limits of the jurisdiction of the Supreme Court of Judicature at any of the said Presidencies, and no person shall, within one month after his death, have applied for probate of a will, or for any letters of administration of his estate, the Administrator General of the Presidency in which such assets shall be, is hereby required, within a reasonable time after he shall have had notice of the death of such person, and of his having left such assets as aforesaid, to take such proceedings as may be necessary to obtain from the Supreme Court of Judicature at such Presidency, letters of administration to the effects of such person, either generally or with a will annexed, as the case may require. Provided that assets, which any person may be entitled to collect, receive, or dispose of, by virtue of a certificate granted under Act XX. 1841, shall not be deemed assets within the meaning of this Section.

XII. If in the course of such proceedings any executor, appointed by a will of the deceased, shall appear according to the practice of the Court, and prove the will and accept the office of executor, or any person shall appear according to such practice, and make out his claim to letters of administration as next of kin of the deceased, the Court shall grant probate of the will or letters of administration accordingly, and shall award to the Administrator General, his costs of the proceedings so taken by him, to be paid out of the estate, as part of the testamentary expenses thereof.

XIII. If no person shall appear according to the practice of the Court, and entitle himself to probate of a will, or to a grant of letters of administration, as next of kin of the deceased, the Court shall grant letters of administration to the Administrator General.

XIV. Nothing in this Act is intended to preclude the Administrator General from applying to the Court for letters of administration in any case within the period of one month from the death of the deceased.

XV. If any letters of administration, which shall be granted to the Administrator General, under the provisions of this Act, shall be revoked or recalled, the same shall, as against the Administrator General, and all persons acting under his authority in pursuance thereof, be deemed to have been only voidable except as to any act done by any such Administrator General, or other person as aforesaid, after notice of a will or of any other fact, which would render such letters of administration void.

XVI. If any letters of administration, which shall be granted under this Act, shall be revoked upon the production and proof of a will, all payments made, or acts done by, or under the authority of the Administrator General in pursuance of such letters of administration prior to the revocation thereof, which would have been valid under any letters of administration lawfully granted to him with such will annexed, shall be deemed valid, notwithstanding such revoca-

tion, as against all persons who shall not have previously had notice of the will.

XVII. If an executor or next of kin of the deceased, who shall not have been personally served with a citation, or had notice thereof in time to appear in pursuance thereof, shall establish to the satisfaction of the Court a claim to probate of a will or to letters of administration in preference to the Administrator General, any letters of administration which shall be granted by virtue of this Act to the Administrator General, may be recalled and revoked, and probate may be granted to such executor, or letters of administration granted to such other person as aforesaid. Provided that no letters of administration, which shall be granted to the Administrator General, shall be revoked or recalled for the cause aforesaid, except in cases in which a will or codicil of the deceased shall be proved, unless the application for that purpose shall be made within one year after the grant to the Administrator General, and the Court shall be satisfied that there has been no unreasonable delay in making the application, or in transmitting the authority under which the application shall be made.

XVIII. If any letters of administration, which shall be granted to the Administrator General in pursuance of this Act, shall be revoked, the Court may order the costs of obtaining such letters of administration, and the whole or any part of any commission which would otherwise have been payable under this Act, together with the costs of the Administrator General in any proceedings taken to obtain such revocation, to be paid to, or retained by, the Administrator General out of any assets belonging to the estate.

XIX. Any payment or delivery of assets to any legatee, or to any person entitled to distribution, which shall be made by an Administrator General after the expiration of one year from the grant of the letters of administration under which such payment or delivery shall be made, shall be allowed to the Administrator General as against all creditors and other claimants against the estate, of whose debts or claims he shall not have had notice before making such payment or delivery. Provided that nothing herein contained shall exempt the person to whom such payment or delivery shall be made, from any liability to refund to which he would otherwise be liable.

XX. All letters of administration, which shall be granted to any Administrator General in virtue of his office, shall be granted to him by his name of office, and all letters of administration heretofore granted to the Ecclesiastical Registrar or Administrator General officially, or which shall be granted to any Administrator General in virtue of his office, shall authorize the Administrator General for the time being of the same Presidency, to act as administrator of the estate to which such letters of administration shall relate; and all estates, effects and interests, which at the time of the death, resignation or removal from office of any Administrator General shall be vested in him by virtue of such letters of administration, shall, upon such resignation or removal, cease to be vested in him, and shall vest in his successor in office immediately upon his appointment thereto, and all books, papers and documents kept by such Administrator General by virtue of his office, shall be transferred to, and vested in his successor in office.

XXI. All actions, suits or other proceedings, which shall be commenced by or against any Administrator General, in his representative character, may be brought by or against him by his name of office, and no suit, action or other proceedings, already commenced, or which shall be commenced, against any person as Administrator General, either alone or jointly with any other person, shall abate by reason of the death, resignation or removal from office of any such Administrator General, but the same may, by order of the Court, and upon such terms as to the service of notices or otherwise as the Court may direct, be continued against his successor immediately upon his appointment, in the same manner as if no such death, resignation, or removal had occurred. Provided that nothing hereinbefore contained, shall render any such successor personally liable for any costs incurred prior to the order for continuing the action or suit against him.

XXII. The Administrator General of each of the said Presidencies, under any letters of administration, which shall be granted to him in his official character, or under any probate which shall be granted to him of a will wherein he shall be named as executor by virtue of his office, shall be entitled to receive a commission, at the rate of five rupees for every one hundred rupees, which he shall collect and invest in Government Securities, or pay into the public treasury, as hereinafter mentioned; and such commission may be retained by him out of any assets of the estate liable thereto, which shall come to his hands. In consequence, however, of the expenses and responsibility which will be incurred by the East India Company, two-fifths of the commission which shall be received by the Administrator General of Bengal, shall be paid by him into the public treasury, and be carried to the account and credit of the East India Company. The Administrator General of Madras and the Administrator General of Bombay may, subject to the provisions of the next Section of this Act, retain the whole of the five per cent. which shall be received by them, unless the Governments of Madras and Bombay respectively shall otherwise order. The said Governments of Madras and Bombay respectively, may issue orders, requiring the Administrators General of those Presidencies respectively, to pay into the General Treasury, to the account and credit of the East India Company, any portion, not exceeding two-fifths of the commission, which shall be payable to them respectively after the issuing of such orders.

XXIII. The commission to which the Administrator General of each of the said three Presidencies shall be entitled, is intended to cover not merely the expense and trouble of collecting the assets, but also the trouble and responsibility, in distributing them in due course of administration. It is therefore enacted, that two-thirds of such commission shall be retained by the Administrator General of each of the said Presidencies for his own use in respect of the collection of the assets, and the other one-third thereof shall be retained by him for his own use upon the administration of such assets, or shall be paid by him half-yearly into the public treasury, for the use of the person, whether himself or any of his successors in office, who as Administrator General, shall administer the assets in respect of which the commission shall be received.

XXIV. The Governor General of India in Council, and the Governments of the said Presidencies of Fort St. George and Bombay respectively, may, from time to time, order the aforesaid rate of commission hereby authorized to be received by the Administrators General of the respective Presidencies to be reduced, and again to be raised, and may also, from time to time, order the proportion thereof payable into the public treasury as aforesaid, and also the proportions thereof to be retained as above-mentioned for the collection and administration respectively of the assets, to be altered in such manner as they may respectively think fit. Provided that the commission to be received shall not at any time exceed five per cent. of the assets collected, and that no person now holding the office of Administrator General of either of the said Presidencies of Bengal or Fort St. George, shall, by any such order, be deprived of the right to receive and retain for his own use, a commission at the rate of three per cent. in respect of all assets collected and actually administered by him.

XXV. The Administrator General shall defray all the expenses of the establishment necessary for his office, and all other charges to which the said office shall be subject, except those for which express provision is made by this Act.

XXVI. No person other than the Administrator General, acting officially, shall be entitled to receive any commission or agency charges for anything done as executor or administrator, under any probate or letters of administration, or letters *ad colligenda bona*, which have been granted by the Supreme Court of Judicature at Fort William in Bengal since the passing of Act No. VII. 1849, or by either of the said other Supreme Courts of Judicature since the passing of Act No. II. 1850, or which shall hereafter be granted by either of the said Courts; but this enactment shall not prevent any executor or other person, from having the benefit of any legacy bequeathed to him in his character of executor, or by way of commission or otherwise.

XXVII. The Administrator General of each of the said Presidencies shall enter into books, to be kept by him for that purpose, separate and distinct accounts of each estate, and of all such sums of money, bonds and other securities for money, goods, effects and things, as shall come to his hands, or to the hands of any person employed by him, or in trust for him, under this Act, and likewise of all payments made by him on account of such estate, and of all debts due by or to the same, specifying the dates of such receipts and payments respectively, which said books shall be kept in the Administrator General's Office, and shall be open for the inspection of all such persons, practitioners in the said Courts and others, as may have occasion to inspect the same, at office hours, paying only such reasonable fee as hath been or shall be, from time to time, fixed by the Government and published in the official *Gazette* of the Presidency to which the same may relate.

XXVIII. The Government shall have power, from time to time, to make and alter any general rules and orders consistent with the provisions of this Act, for the safe custody of the assets and securities, which shall come to the hands or possession of the Administrator General, and for the remittance to the East India Company at their house in England of all sums of money which shall be payable, or belong to persons resident in

Europe, or in other cases where such remittances shall be required, and generally for the guidance and government of the Administrator General in the discharge of his duties, and may, by such rules and orders, amongst other things, direct what books, accounts and statements, in addition to those mentioned in this Act, shall be kept by the Administrator General, and in what form the same shall be kept, and what entries the same shall contain, and where the same shall be kept, and where and how the assets and securities belonging to the estates to be administered by such Administrator General shall be kept and invested or deposited, pending the administration thereof, and how and at what rate or rates of exchange any remittances thereof shall be made.

XXIX. Such orders shall be published in the official *Gazettes* of the several Presidencies, and it shall be the duty of the several Administrators General to obey and fulfil the same, and the same shall be a full authority and indemnity for all persons acting in pursuance thereof.

XXX. The Administrator General of each of the said Presidencies shall, twice in every year, that is to say, on the first day of March, and on the tenth day of August, or on the first day on which the Supreme Court of Judicature at the Presidency shall be sitting after those days, or on such other days as the Government shall, by any rules or orders to be published as aforesaid, direct, exhibit and deliver, in open Court, a true Schedule, showing the gross amount of all sums of money received or paid by him on account of each estate in his charge, and the balances during the period of six months, ending severally on the thirty-first day of December and thirtieth day of June next before the day of delivering such Schedule, and a true list of all bonds or other securities received on account of each of the said estates during the same period; and also a true Schedule of all administrations, whereof the final balances shall have been paid over to the persons entitled to the same, during the same period; specifying the amount of such balances, and the persons to whom paid, which Schedules shall be filed of record in such Supreme Court of Judicature, and shall, within fourteen days afterwards, be published in the official *Gazette* of the Presidency by the said Administrator General; and copies thereof in triplicate shall be delivered by such Administrator General to the Secretary of the said Presidency, and shall be sent by the Governor thereof to the Court of Directors of the East India Company, in order that the said Court of Directors may, if they think fit so to do, order the same to be deposited at the East India House, London, for public inspection, and may cause notices to be published in the *London Gazette*, and other leading newspapers, that such Schedules are open to inspection there, or may make such other orders respecting the same as they may think fit.

XXXI. On the thirty-first of December, or the thirtieth of June, whichever shall first happen after the expiration of one year from the time of the granting of any letters of administration under this Act, or within such other period as the Government shall, by any rules or orders to be made and published as aforesaid, direct, the Administrator General of each of the said Presidencies, shall pay into the General Treasury of the East India Company of the Presidency to which he shall be subject, the balance due to the estate in respect of which each letters of administration

shall be granted. The Administrator General shall continue to administer the estates in respect of which such balances shall have been paid into the Public Treasury as aforesaid, and shall, on every subsequent thirty-first December and thirtieth June, or at such other period as the Government shall, by any such general rules or orders, direct, pay into the Public Treasury any further balances, which shall then be in his hands on account of such estates.

XXXII. The Government shall, from time to time, appoint an auditor or auditors to examine the accounts of the Administrator General at the times of the delivery of the said Schedules, and also at any other time when the Government shall think fit.

XXXIII. The auditor or auditors shall examine the Schedules and accounts, and report to the Government whether they contain a full and true account of everything which ought to be inserted therein, and whether the books which by this Act, are, or which by any such general rules and orders as aforesaid, shall be directed to be kept by the Administrator General, have been duly and regularly kept, and whether the assets and securities have been duly kept and invested and deposited in the manner prescribed by this Act, or which shall be prescribed by any such rules and orders to be made as aforesaid.

XXXIV. Every Auditor shall have power to summon as well the Administrator General as any other person or persons whose presence he may think necessary, to attend him from time to time; and to examine the Administrator General, or other party or parties, if he shall think fit, on oath or solemn affirmation, to be by him administered; and to call for all books, papers, vouchers and documents, which shall appear to him to be necessary for the purposes of the said reference; and if the Administrator General or other person or persons when summoned shall refuse, or, without reasonable cause, neglect to attend, or to produce any book, paper, voucher or document required, or shall attend and refuse to be sworn or make a solemn affirmation, when by law an affirmation may be substituted for an oath, or shall refuse to be examined, the Auditor or Auditors shall certify such neglect or refusal in writing to the Supreme Court of Judicature at the Presidency; and every person so refusing or neglecting shall thereupon be punishable, in like manner as if such refusal or neglect had been in contempt of the said Supreme Court.

XXXV. The costs and expenses of preparing and publishing the said Schedules and copies thereof, and of every such reference and examination as aforesaid, shall be defrayed by all the estates, to which such schedules or accounts shall relate, which costs and expenses, and the portion thereof to be contributed by each of the said estates, shall be ascertained and settled by the Auditor or Auditors, subject to the approval of the Government, and shall be paid out of the said estates accordingly by the Administrator General.

XXXVI. If upon any such reference and examination, the Auditor or Auditors shall see reason to believe that the said Schedules do not contain a true and correct account of the matters therein contained, or which ought to be therein contained, or that the assets have not been duly kept and invested or deposited in the manner directed by this Act, or which shall be directed by any such rules and orders as aforesaid, or

that the Administrator General has failed to comply with the provisions and directions of this Act, or of any such rules and orders, he or they shall report accordingly to the Government.

XXXVII. The Government may refer every such report, as last aforesaid, to the consideration of the Advocate General for the Presidency, who shall thereupon, if he shall think fit, proceed summarily against the defaulter or his personal representative in the Supreme Court of Judicature in the Presidency, by petition for an account, or to compel obedience to this Act, or to such rules and orders as aforesaid, or otherwise as he may think fit, in respect of all or any of the estates then or formerly under the administration of such defaulter; and the said Advocate General shall have power to exhibit interrogatories to the said Administrator General, or other person or persons defendants, who shall be bound to answer the same as fully as if the same had been contained in a bill filed for the like purpose; and the Court shall have power, upon any such petition, to compel the attendance in Court of the defendant or defendants, and any witnesses who may be thought necessary, and to examine them orally or otherwise as the said Court shall think fit, and to make and enforce such order or orders as the Court shall think just.

XXXVIII. The costs, including those of the Advocate General, and of the reference to him, if the same shall be directed by the Court to be paid, shall be defrayed either by the defendant or defendants, or out of the estates ratable as the said Court shall direct; and whenever any costs shall be recovered from the defendant or defendants, the same shall be repaid to the estates by which the same shall have been in the first instance contributed, and the Court shall have power to order the Administrator General, or other person or persons defendants, to receive his or her costs out of the said estates, if it shall think fit.

XXXIX. Any orders which shall be made by any of the said Supreme Courts shall have the same effect, and be executed in the same manner as decretal orders.

XL. Whenever any British subject shall have died intestate, leaving assets within any of the said Presidencies and letters of administration of his effects, shall not be taken out for three months after his death, and the Administrator General of the Presidency shall be satisfied that such effects do not exceed in the whole five hundred Rupees, he may, if he shall think fit, at any time before administration of such effects shall be granted, grant to any person claiming to be entitled to a principal share of the effects of the deceased, certificates under his hand, entitling the claimant to receive the sums or securities for money therein severally mentioned, belonging to the effects of the deceased, to the value of any sum not exceeding in the whole five hundred rupees.

XLI. The Administrator General shall not be bound to grant any such certificate, unless he shall be satisfied of the title of the claimant, and of the value of the effects of the deceased, either by the oath or affidavit of the claimant, or by such other evidence as he shall require.

XLII. Any such certificate, with a receipt annexed under the hand of the person to whom the certificate shall be granted, shall be a full discharge for payment or delivery to him or her of the money or security for money therein men-

tioned, to the person paying or delivering the same: but nothing in this Act shall preclude any administrator of the deceased from recovering from the person receiving the same, the amount remaining in his hands, after deducting the amount of all debts or other demands lawfully paid or discharged by him in due course of administration, and any creditor or claimant against the estate of the deceased shall be at liberty to recover his debt or claim out of the assets received by such person, and remaining in his hands unadministered in the same manner and to the same extent as if such person had obtained letters of administration to the estate of the deceased.

XLIII. The Administrator General shall not be bound to take out letters of administration to the estate of any deceased person on account of the effects in respect of which he shall grant any such certificate, but he may do so, if he shall discover any fraud or misrepresentation made to him, or that the value of the estate exceeded five hundred rupees.

XLIV. For every such certificate the Administrator General shall be entitled to charge a fee calculated after the rate of three rupees in the hundred on the amount mentioned in the certificate.

XLV. Every person who, having been sworn, or having taken a solemn affirmation under this Act, shall wilfully give false testimony upon any examination authorized by this Act, shall be deemed guilty of perjury, and, if convicted, shall be liable to be punished accordingly.

XLVI. It is hereby declared to be a misdemeanour, punishable by fine and imprisonment, for any Administrator General to trade or traffic for his own benefit, or for the benefit of any other person or persons whomsoever, unless so far as shall appear to him to be expedient for the due management of the estates of which letters of administration shall be granted to him, and for the sole benefit of the several persons entitled to the proceeds of such estates respectively; but this exception is not to be construed to alter the civil liabilities of the Administrator General as trustee of such estates.

XLVII. And whereas it appears from the books and accounts of the Administrator General of Bombay, that on the thirtieth day of June, 1851, there were in his charge Government Securities and cash, arising from accumulations of interest on estates heretofore administered by or in the charge of the Ecclesiastical Registrar of the Supreme Court of Judicature at that Presidency over and above the amount of interest heretofore allowed on the administration of such estates;—

It is further enacted as follows:

The Administrator General of Bombay shall forthwith transfer and pay the said Government Securities, and cash balance, and any other Government Securities and cash, which, at the time of the passing of this Act, shall or may be in his charge, or under his control in respect of such accumulations of interest, or any additions thereto, to the Accountant General and Sub-Treasurer of Bombay, to be carried to the account and credit of the East India Company, for the general purposes of Government, and the receipt of the Accountant and of the Sub-Treasurer of Bombay for any monies or securities so paid, or transferred to them under the provisions of this Act, shall be a full indemnity and discharge to the Ecclesiastical Registrar and Administrator General for any such payment or transfer.

XLVIII. The net proceeds of all estates in the official charge of the Administrator General of either of the Presidencies of Fort St. George or Bombay, and which now appear, or shall hereafter appear, from the official books and accounts of the Ecclesiastical Registrar and of the Administrator General of either of those Presidencies, or from the official books and accounts of either of those Officers, to have been in official custody for a period of fifteen years or upwards, without any claim thereto having been made and allowed, shall be transferred and paid to the Sub-Treasurer of the East India Company at Fort St. George and Bombay, respectively, and be carried to the account and credit of the East India Company, for the general purposes of Government, and the receipt of the said Sub-Treasurer and Accountant General shall be a full indemnity and discharge to the said Administrator General for any such payment or transfer. Provided that this Act shall not authorize any transfer or payment of any such proceeds as aforesaid pending any suit already instituted, or which shall be hereafter instituted, in respect thereof.

XLIX. If any claim shall be hereafter made to any part of the securities, monies, or proceeds, which shall be carried to the account or credit of the East India Company, under the provisions of this Act, and if such claim shall be established to the satisfaction of the Administrator General and Accountant General to the Government of Fort St. George and Bombay, for the time being, respectively, the said Accountant General shall direct the Sub-Treasurer of the Presidency to pay and the said Sub-Treasurer shall thereupon pay, out of the monies of the East India Company in his custody, to the claimant, the amount of the principal so carried to the credit and account of the said East India Company, or so much thereof as shall appear to be due to the claimant. If the claim shall not be established to the satisfaction of the said Administrator General and Accountant General, the claimant may apply by petition to the Supreme Court at the Presidency against the East India Company and Administrator General of the Presidency for the time being, and, after taking evidence, either orally or on affidavit, in a summary way as the said Court shall think fit, the said Court shall make such order on the petition for the payment of such portion of the said principal sum as justice shall require, which order shall be binding on all parties to the suit.

L. In the construction of this Act, the word "Government" shall be deemed to mean the Governor General of India in Council, so far as the Act relates to the Presidency of Fort William in Bengal, or any place subordinate thereto, and the person or persons for the time being administering the Executive Government of the Presidency so far as the Act relates to the Presidencies of Fort St. George and Bombay respectively; the words "letters of administration" shall include any letters of administration, whether general or limited, or with a will annexed and letters *ad colligenda bona*. Words in the masculine gender shall include the feminine; and words in the singular shall include the plural, and *vice versa*; unless where such construction would be inconsistent with or repugnant to the context.

LI. Acts VII. 1849 and II. 1850 are hereby repealed as to all letters of administration hereafter to be applied for or granted.

LII. Nothing in this Act is intended to require the Administrator General to take proceedings to obtain letters of administration to the estate or effects of any officer or soldier or other person subject to any Articles of War, or to the estate or effects of any officer, seaman, or other person dying in the Marine Service of the East India Company, called the Indian Navy, unless when the Administrator General shall be duly authorized or required so to do by the Military Secretary, or other officer having similar powers with regard to the estate or effects of any officer, seaman, or other person dying in the Indian Navy; nor is anything in this Act contained intended to interfere with or alter the provisions of any Act of Parliament, for regulating the payment of regimental debts, and the distribution of the effects of officers and soldiers dying in the service of the East India Company, or of any Articles of War, or of any Act of Parliament relating to the Indian Navy.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 11th day of May next.

J. P. GRANT,
Secy. to the Govt. of India.
